Dear participant,

Thank you very much for your interest and willingness to participate in our study. This survey is part of a research project investigating the extent to which large language models can make reliable predictions about people's response patterns in questionnaire studies. During the survey, we will ask you for some demographic information and inquire about your personal attitudes.

The processing time averages **23 minutes**.

Please complete respond to all questions diligently and with great care. **Note that if our analyses indicate non-serious response behavior, we regret that we cannot pay you any compensation!** In this survey, questions will be asked to verify your attention!

Participation in this study is voluntary, and you can revoke your willingness to participate at any time and end participation. There will be no disadvantages for you resulting from this. A subsequent revocation of your consent to the storage of personal data is not possible, as they can no longer be associated with you.

Any data and answers will be treated confidentially and evaluated pseudonymously by us. Your data will be collected and electronically archived at the Institute of Psychology at the University of ██████.

The handling of the data will comply with the provisions of the General Data Protection Regulation of the European Union. https://en.wikipedia.org/wiki/General_Data_Protection_Regulation

Thank you for your participation!
